The Lakeside Star

Vol. II Lakeside, San Diego County, California, Thursday, July 3, 1947 No. 15

THIS WEEK

By PAUL B. BAKER

Ever try to make a three-layer cake with half a dozen people in the kitchen? Or try to listen to a radio when the phonograph is playing? Or watch a ball game when an aerial circus is going on overhead?

If so, you can appreciate what we have been up against trying to get out a newspaper this week, with salesmen, supplymen, electricians, gas company men, and telephone men all over the place.

Not that we don't appreciate the important work they have been doing, Without them, the wheels would never turn.

Only reason we mention it is to build up an alibi just in case the reader finds a number of typographical errors in the paper this week.

There was a time, way back, when a person seeking a printing plant, could assemble the necessary equipment from the stock of a single dealer in one city.

Not so now—at least not in the West Coast cities.

Ten or 12 years ago the prospective buyer of printing machinery was greeted by a cheerful salesman. He was shown various Linotypes, many kinds of presses and supplies of every description—both new and used.

Nowadays one dealer may have a press, another may have a second-hand typesetting machine. If either one suits the buyer's purpose he may have it "as is" for cash—and what a price!

It takes a two-year wait to get new Linotypes and presses. That's why second-hand machines are in such demand. That and the export market. There is great demand for American printing machinery in the devastated countries. It is said Linotypes sell in Manila 50% to 100% higher than in this country.

Newsprint remains scarce and all newspapers are still on a quota, based on the amount of paper used in previous years.

These were some of the problems confronting us as we set about assembling our plant.

We were fortunate to secure a Model 5 Linotype at a reasonable price in Salt Lake City. It came from the plant of the Pleasant Grove (Utah) Review.

A Babcock press was bought from the San Anselmo (Calif.) Herald. It had been traded in on a press of another make. The job press and paper cutter came from San Francisco. Most of the smaller machines, type and composing room fixtures, were bought in San Diego through W. A. Stanley, dealer.

First subscriber to the Star, under its new management, is R. I. Minton, a machinist at Western States Flying Service. Mr. and Mrs. Minton, whose address is Route 1, Box 201, Lakeside, have lived here two years. They have two daughters, Dorothy 6 and Barbara 5.

A San Diego minister always prefaces the passing of the plate in his church by telling a humorous anecdote. Recently he announced the collection at that morning service would be given to the church building fund. He brought smiles to the faces of the congregation and opened purse strings with the following anecdote:

A certain Scotch farmer observed one day that sawdust looked much like the chicken feed he was giving his flock. So the next day, as an economy move, the chicken feed was made 10% sawdust. The hens didn't seem to mind, so the following day the ration was 25% sawdust and 75% chicken feed; the following day 50-50; then 75% sawdust and finally 100%.

Some time later a setting hen, having hatched her brood of 13, led them across the farmer's path. The hardy Scot was amazed to see that 12 of them had wooden legs and the 13th was a woodpecker!

The minister quickly followed up this story by saying the new church building could "be built neither with sawdust nor chicken feed." The response was generous.

R. W. Flinn, barber and pioneer Lakesider, thinks that flood control plans for the San Diego River Valley should include a pipe line outlet from city mains into the river's flood control channel leading into the ocean. This, he says, would take care of any possible overflow from San Vicente Dam.

According to a statement made recently by an assistant probation officer of the San Diego Juvenile Court, though parents may say an offending youngster was raised exactly like another child who gave no trouble at all in upbringing, such is never the case.

Home environment is constantly changing, this official stated. "Attitudes of the parents are reflected in their children." Also, one child may bear a resemblance to a relative which one or the other parent dislikes. This is unfortunate as the youngster cannot have as favorable treatment as if this were not the case.

The official stated that 45% of the cases of juvenile delinquency in San Diego come from broken homes.

"Smoothie" Dunked

Someone had to be the victim. There was going to be a dunking, sure enough—the bearded boys were determined on that point.

The horse trough was set up, full of water, the photographer had been engaged—all that was lacking was a "Smoothie" to toss in.

No one seems to know just how the finger became pointed at C. Rupert Linley, local attorney.

He was one of the first to buy a "Smoothie" badge — plunked out $10 for it and apologized for not being able to grow a beard because of court etiquette.

But "Rupe" was game. Someone had to take that cool morning dip to please the bearded boys and he might as well be the fall guy.

Consequently, C. Rupert Lindley became the first "Smoothie" in Lakeside to scramble dripping out of the '49er horse trough set up on the Rodeo grounds.

The brief but chilling ceremony took place last Monday morning. It was a publicity stunt for the forthcoming '49er celebration.

Speaking of Smoothies, Les Kephart, chairman of the '49er Whiskereno contest, states that about seventy "Smoothie" badges have been sold, at $5 and up, to the beardless minority.

He states a vigilante committee will search for all men without beards or badges.

The Whiskereno contest will culminate at the celebration at the Rodeo grounds in August. Awards will be given for the best, the maniest, the fullest, the skimpiest, the blackest, the reddest, the most unusual and the one best representing some well-known character.

HORNED TOAD DERBY

According to Wm. Whelan, chairman of the Horned Toad Derby event of Days of '49, it is not planned to catch the toads until a few days before they are released for the race.

"Toads live on bugs," he says "and they keep well fed while in their native habitat. We don't want to interfere with their normal feeding habits any more than we can help. When the time comes to catch them our boys won't have any trouble rounding up plenty of them for the derby."

Business houses in Lakeside will sponsor toads in the derby and there is expected to be considerable rivalry when the race gets under way on the Rodeo grounds during the '49er celebration.

Lakeside Exhibits Win Fair Awards

The Lakeside Farm Bureau exhibit took third prize at the County Fair this year. Mrs. John Wilkinson and her assistants deserve a lot of credit for the lovely exhibit.

A part of the exhibit—little clay figures depicting "Outdoor Living," were the first efforts of the Lakeside Ceramics Class, taught by Mrs. Ella Merritt.

The Home Department exhibit, showing chair upholstering, took 5th prize in competition with the other home departments of the county. Mrs. Clara Foster is chairman of the Lakeside Home Department.

OTHER LAKESIDERS WIN

Mrs. B. R. Brown took first prize with another of her famous angel food cakes.

Mrs. A. V. Mozier, nutrition leader of the Lakeside Home Department, brought new honors to herself and her department as well as to Lakeside. Her canned fruits, jams, jellies and vegetables, took 12 first prizes, 18 second prizes and 9 third prizes.

Mrs. Mozier promises she will do even better next year, as she is going to start right away getting ready for the next fair.

G. W. CONRAD RETURNS HOME FROM QUINTARD HOSPITAL

G. W. Conrad of Riverview Farms, who has been at Quintard Hospital for 23 days, during which time he underwent an operation, is back home again. He wishes to thank his many friends for the "get-well" cards received.

Mr. Conrad is past 83 years of age. In the past he has been active in civic affairs in Lakeside, serving as a trustee in the Presbyterian Church and as a director of the Chamber of Commerce.

He has lived in his present home since building it in 1921. Mrs. Conrad, well remembered here, died in 1944.

Betty Jane Rowe Leads Beauty Contest

Betty Jane Rowe of Lakeside was well ahead of her nearest competitor last week after the ballots were counted in the "Queen Contest" for the Days of '49 celebration here August 1, 2 and 3.

Standings of the six leading contestants as of June 25, were:

Betty Jane Rowe	550
Bingo	342
Joan Barker	288
Lois Botroff	225
Avis Gibbs	136
Francine Shaff	125

Fred Prindle, chairman of the Queen Contest committee, asks that all girls taking part in the contest be present at the Rodeo grounds 7:30 Saturday, July 12.

A total of 24 girls have been nominated for the "Days of '49 Queen Contest."

Fred Prindle, manager of the contest, announced this week that the list will be shortened considerably this weekend when the votes are counted. Girls who have not received additional votes, or who have stated they "do not choose to run," will be dropped from the list.

A few of the girls are being backed by local merchants and Mr. Prindle urges other merchants and townspeople to get behind their favorite and help her win.

Betty Jane Rowe of Alpine is being sponsored by the new Coral Cafe on Cajon rd.

"Bingo," (Miss Marian Ryan) is sponsored by the Lakeside Pool Room.

Louise Bridges has the backing of Miller's Grocery and Francine Shaff by the Lakeside Hotel.

Other contestants are Joan Barker, Lois Botroff, Avis Gibbs, Vandora Patterson, Shirley Lucas, Rodna Johnson, "Dusty" Lucas, Lois Sangster, Lulu Ames, Lee Ann Anderson, Rose Philbrook, Dorothy Houlihan, Cherrie Nelson, Katie Maniscalco, Nancy Wright, Nova Lucille Knapp, Catherine Griffiths, Ann Cusemano, Elaine Houlihan and Dora Ames.

The girl selected Queen will receive $75 and a gown. Second prize is $50 and a gown; third, $25 and a gown.

El Cajon Valley Bus Asks New Territory

A hearing on the application of the El Cajon Valley Bus Line to extend its service three miles out Highway 80 will be held at the USO Hall, El Cajon, 10 o'clock Friday, July 11.

Any one interested in this extension is urged to be present at this hearing which will be before an examiner of the Utilities Commission of the State of California.

"Necessity of service must be proved before a certificate of extension of service will be granted," Pete Lapp, bus owner stated this week.

Lakeside Post Office Soon To Be Moved

An offer by A. R. Held of Lakeside to erect a building on Sycamore st. between Main and Vine sts. for use of the local post office has apparently been accepted by the Post Office Department of the U. S. Government.

Although Mr. Held has not received official notification from Washington, Postmaster Helm has been advised that as soon as possible mail will be delivered to the new address.

Wells-Fargo Coach In Forty-niner Parade

Publicizing the San Diego County Fair at Del Mar, Hugo Clapp and Mr. and Mrs. Tom LaMadrid of Lakeside took part in a '49er parade in San Diego last Saturday.

Mr. LaMadrid drove a Wells-Fargo express coach in the parade. Mr. Clapp, acting as armed guard, sat beside him on the driver's seat with a 44.40 across his lap. Mrs. LaMadrid was one of six passengers inside the coach.

All rigs in the parade were furnished by the R. E. Hazard Co.

Dr. Frank Becker and Mrs. Becker of Glendale spent their 25th wedding anniversary Sunday, June 29, visiting Mrs. Becker's brother.

New Unit for Fire Department

Completed this week and ready for a trial run is a trailer-borne water tank of 550-gal. capacity for the Lakeside Volunteer Fire Department.

The trailer is attached to a Chrysler pickup, which has been donated by Louis Parquette. The auxiliary outfit will follow the fire truck on all calls where a larger volume of water is required than the truck carries. It will be especially useful in fighting brush fires, according to Hugo Clapp, fire chief.

Messrs. Clapp and Parquette, assisted by R. I. Botroff and Slim Lovell, have been working on the trailer for eight weeks.

The Lakeside Fire Department is under the La Mesa division of the State Forestry Department; however, it receives no help financially from the forestry department.

The local fire department has 160 subscriber members who pay $5 annually to help meet expenses. To make it self-supporting, Mr. Clapp states a membership of at least 200 is needed.

He urges all Lakeside property owners, not familiar with the fire prevention and control work being done by the local department to come in and get acquainted, and if possible become sustaining members of the volunteer organization.

Volunteer firemen who serve without pay are Hugo Clapp, chief; Eddie Harrison, assistant; Louis Parquette, Freddie Prindle, Earl Barker, Ronald Kuhner, Orman Mitchell and Richard Clevenger.

Fires may be reported over either of three numbers: H. 4-5050, H. 4-3405 and H. 4-3547.

Dan Harrison Drives Racer in L. A. Meet

"Klondike," a midget auto racer, owned by Thomas Swift of San Diego and driven by Danny Harrison of La Mesa and Lakeside, was taken to Los Angeles last Saturday to enter the qualifying race for the "Little Indianapolis" 500-lap midget auto race in the Coliseum on the following Tuesday night.

It is the first time the midgets have ever competed over an AAA course of that length.

The "Klondike" is a veteran of many races, having won the championship in the AAA circuit, for 1946-47. Its last appearance was in Oceanside, winning the three-lap trophy dash in 58.26 secs.

The "Klondike" holds a one-lap track record of 16.51 secs., set June 1 at Oceanside, Danny Harrison at the wheel.

Messrs. Harrison and Swift have made several innovations in the water cooling system of the midget racer, which they believe is an important factor in its winning ways.

Mr. Harrison is superintendent of the Western States Flying Service plant in Lakeside.

Plans Made to Form Toastmistress Club

An organization meeting of the proposed Toastmistress Club will be held at 7:30 Wednesday evening, July 7, at Ernie's Rancho, it was stated this week.

An organizational meeting of the proposed El Cajon Valley Toastmistress Club was held last Friday evening at Ernie's Rancho.

Membership in the organization is to be limited.

Mmes. Hugo Clapp, Hale Whitacker and Frank Claycomb represented Lakeside at the meeting.

Harry Wentz, El Cajon accountant, is credited with considerable help and counsel in the preliminary steps that have been made in forming the toastmistress club.

The Valley Toastmasters Club sponsored Friday night's meeting.

Messrs. Hugo Clapp and Frank Claycomb also attended.

Two Lucas Daughters To Perform in L. A.

Dawn and Dusty Lucas, daughters of Mrs. Karmen Lucas of Lakeside, have contracted to perform in the Sheriff's Annual Rodeo in Los Angeles August 24.

These talented young ladies are said to rank with the best in the Southwest.

Their home state is Oklahoma and while there their headquarters is the famous Rocking Chair Ranch.

Astride horses in their spare moments almost since infancy, Dawn and Dusty specialize in "ground work," including the most difficult feats in old-time trick riding.

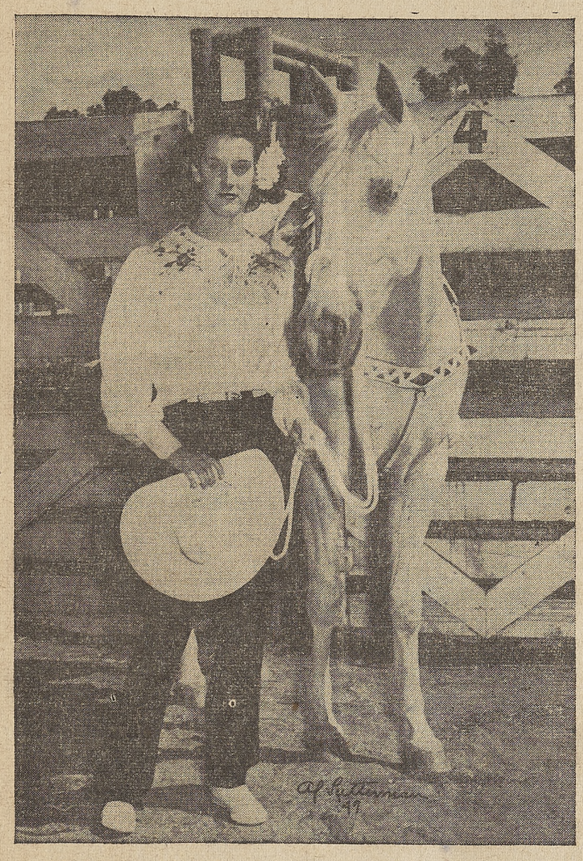
Buy Land for Church

Planning to eventually build a new church in Lakeside, the Christian Science Church this week purchased property on Los Coches rd.

There is a building on the property now in which it is planned to hold services for the present.

The purchase was made through the local office of Sherman-Gray, Inc.

DUSTY LUCAS AND HER HORSE "JEFF"



"Dusty" Lucas and her cream-colored trick riding horse "Jeff," four-year-old, that she herself trained. Next public appearance of the two will be in Los Angeles at the Sheriff's Annual Rodeo at the Coliseum. In former years 105,000 have attended this event.

INDEPENDENCE DAY

When the Founding Fathers of the Republic signed the Declaration of Independence on July 4, 1776, there was scant time for philosophizing. A war was waiting to be fought and won.

But although they acted in times troubled and urgent, the signers were men of prophetic vision.

Thomas Jefferson's words, "eternal vigilance is the price of liberty," were to prove deathless. More prosaically, Charles Carroll wrote that the republic's "protracted existence will depend on the morality, sobriety and industry of the people." And John Adams spoke of the "toil and blood and treasure that it will cost to maintain this Declaration and support and defend these States."

This year, as in each of the past 171, the necessity to protect our way of life still confronts us. Latent fires of disunity that once, during the Civil War, burst into violent conflagration, still smoulder with varying degrees of intensity wherever men's opinions differ. The fine and changing line where government policing for community protection stops short of dangerous infringement on individual liberty still must be delineated and re-drawn. Unreasoning prejudice against groups, races and religions must constantly be held in check.

The fireworks are always fun, the oratory impressive. But the real meaning of Independence Day lies each year not only in renewal of our devotion to liberty's cause.

Lakeside Star Moves to New Location on Laurel Street

Issue No. 11, Vol. II, of the Lakeside Star was published in a different location this week—in a new building on Laurel st. between Main and River sts.

New owners and co-publishers are Paul B. and Irene M. Baker, who purchased the Star June 1 from Ralph Freeman.

The telephone number remains the name—H. 4-3866.

For the present the Star will continue to be published in 5-col. page size. The publishers have discontinued the features of the paper formerly printed out of town and in its place have substituted wider coverage of local news.

A building 28 ft. by 50 ft. to house the newspaper plant was put up in 30 days. It is of concrete block construction, with a cement floor. Shop area is 28x40.

Included in the equipment is a four-page Babcock press, a Linotype machine, a 12x18 open press, a 23-in. paper cutter, Turner metal saw, lead cutter, mitering machine, a variety of new type faces and an electric casting box for making shell casts and type-high printing plates.

Complete equipment for job printing has been installed.

Mr. and Mrs. Baker formerly lived in Pacific Beach, where they published the North Shores Sentinel for nearly two years.

They have two sons, Stanley 19 Donald 16 and a daughter, Mary Ann, 13.

Stanley joined the Army following his graduation from high school and served a year in Korea. He plans to enter State College this fall.

Donald will be a senior, Mary Ann a freshman, at Grossmont.

Mr. and Mrs. Baker and family will make their home in Lakeside at 178 No. Main st.

New "Star" Publishers Express Appreciation

We are grateful to our new friends and co-workers in Lakeside who have made this first issue possible.

It would not be possible to mention the names of all who assisted in erection of the building and installing the machinery and getting it ready to operate—but we do say 'thanks' again!

It will be our aim to make the Star a newsy, clean and readable newspaper, and expand it in size as rapidly as conditions permit.

Contributions of items of interest are always welcome, as are suggestions of ways this newspaper can better serve this area.

PAUL B. BAKER,
IRENE M. BAKER,
Co-Publishers.

California Speaks!

LLOYD F. OLESON, Nat. Comd. DAV. Ventura—"Disabled veterans are the United States' greatest exponents of peace. They are also the greatest believers in universal military training."

HERBERT HOOVER, Palo Alto—"Terrible reactionaries have filled the land with legislatures, a free press, churches, laboratories and thousands of schools. I suggest we continue to suffer the evils of right wing freedoms."

GENERAL MARK CLARK, San Francisco.—"I've seen Communism at work in many countries, practiced by the people who invented it. Those living here who say they are Communists don't what what it is all about."

URBAN F. STEWART, Sacramento, State Employment Service—"We've not enough housing, enough transportation or enough jobs. It's a crime to invite veterans out here!"

County Fair Ends Sunday, July 6

Hailed by the more than 125,000 visitors who have seen it to date as the biggest entertainment and educational spectacle ever to be held in San Diego County, the San Diego County Fair at Del Mar will come to an end Sunday night. Estimates based on attendance during the first days of the fair indicate that crowds over the Fourth of July week end will push attendance figures well past 200,000 before the turnstiles cease clicking sometime late Sunday evening.

Special attractions to delight visitors this week-end include the nightly presentation of the Fiesticade, and the San Diego National Horse Show, offered every evening in the horse show arena.

Visitors to Fiestacade, the Fair's lavish stage presentation offered each evening in front of the grandstand, have had nothing but accolades for the show of which Leo Carrillo, beloved character of stage and screen, is master of ceremonies.

Acts in the big production which have been drawing most applause are the internationally famous Andrini Brothers, Frank and Lawrence, who delight with their songs; Comedian Fred Sanborn, master of pantomine; Bob Williams and his trained dogs; Miguet and Albaicin, a talented Spanish dance team, and Wilbur Hall and Renee, a laugh-provoking couple which draws a big hand for its antics of kidding the musical classics.

The National Horse Show, being presented for the second straight year at the Fair Grounds, is proving a popular attraction with entries from all over the West taking part. It is presented each evening in the horse show arena just to the right of the main entrance to the grounds.

Visitors are unanimous in their praise of this year's Flower Show, an attraction three times the scope of last year's affair. Particularly popular has been the display of San Diego-county raised orchids.

Lakeside Scores At County Fair

Lakeside was giving a good account of itself at the County Fair, already having scored two first place wins.

First place in the "Silly Hat Contest," one of the humorous competitions on the fairgrounds, was won by Mrs. Myrtle Cooper of Lakeside. Her creation—a hat with a hen's nest, hen, eggs and all—brought down the house and won for her first prize of $50.

Last Sunday Richard Rocchio of Lakeside, in the Grand National Turkey Sweepstakes, demonstrated how to guide a winning turkey over the finish line. His "Lakeside Lady" showed her heels to a field of 19 entries and won $50 for the Lakeside youth.

Richard's bird, which he had been training for the past two weeks, made a good beginning from the starting line, then started to reverse itself. However, once straightened out again, "Lakeside Lady" showed her class and finished far ahead of the rest.

Richard, 14, son of Mr. and Mrs. John A. Rocchio, is a sophomore at Grossmont.

PRIZE STOCK EXHIBITED

Purebred Guernseys and Holsteins from the dairy herds of Wm. Buckel & Sons and Claude Weston, respectively, are drawing considerable attention at the Fair.

Buckel & Sons Take Nine Firsts at Fair

Dewey Buckel and Sons of the "Rocky Home Guernsey Farm" won nine first prizes and other lesser prizes at the County Fair.

A 2-yr.-old bull "Rocky Homes El Capitan" captured a double ribbon—first prize and senior championship.

Junior Yearling Bull Class—First prize by "Barnegat Itea's Traveler."

Senior Bull Calf—Second prize by "Rocky Homes Ace."

Four-year-old Cow Class — First prize by "Rocky Homes Ione."

Junior Yearling Heifer Class — First prize, "Rocky Homes Master's Lilac"; third prize, "Rocky Homes Rival's Countess"; fourth, "Rocky Homes Master's Linda."

Senior Heifer Calf Class — First, "Rocky Homes Fame's Estella"; fourth, "Rocky Homes Betty."

Junior Heifer Calf Class — First prize, "Rocky Homes Master's Laura"; second, "Rocky Homes Master's Nia"; third, "Rocky Homes Fame's Nectar."

Junior Get of Sire—First prize on the get of "Western Glow's Noble Master."

Produce of Dam—First prize to produce of "Cleone of Elvardo Verano."

Young Herd Class — First prize went to young herd consisting of "Rocky Homes Master's Lilac," "Rocky Homes Rival Countess" and "Rocky Homes Ace."

☆ CLUB NEWS ☆ WOMAN'S PA

28th Wedding Anniversary Honored

Mr. and Mrs. Dewey Buckel of Lakeside celebrated their 28th wedding anniversary last Friday with a dancing party at the Silverado Ball Room.

Four other Lakeside couples helped them celebrate: Mr. and Mrs. Jerry Whelan, Mr. and Mrs. I. C. Cooper, Mr. and Mrs. Otis Owen and Mr. and Mrs. Ed. Humberstad. Mr. Humberstad's birthday was also celebrated in appropriate manner.

Mrs. Ernest Werner, Lakeside librarian, is now convalescing at her home in Winter Gardens. She has spent the past few weeks in Mercy Hospital in San Diego.

Mrs. George B. Adams and a number from her Voice of Prophecy Bible study group enjoyed a picnic in Lindo Lake Park Monday of this week.

Monthly Dance of Modern Woodmen

The Modern Woodmen will hold their Old Time dance next Monday, July 7, in the Recreational Hall. The Silverado Orchestra will furnish the music.

The Modern Woodmen hold their Old Time dance the first Monday of every month. Everyone is invited, according to an announcement by the dance committee, I. C. Cooper and William Katzenbach.

Mr. and Mrs. B. T. Reid are expected home Monday from a vacation trip to San Francisco, Sacramento and Oroville. They have been away from Lakeside two weeks.

Miss Mildred Winter of Logansport, Ind., arrived Sunday for an indefinite stay at the home of her cousin, T. H. Helm. Miss Winter's mother was Mr. Helm's mother's sister. Logansport was Mr. Helm's home town before he came to California.

James Lester Laws Weds Miss Elaine G. Morse

A group of Lakesiders journeyed to Sawtelle on Sunday, June 29, to attend the wedding of a former Lakeside boy—James Lester Laws.

Those who made the trip were Mrs. Otto Einer, Mrs. John Leng and son Foster Leng, William Ames and Russell Brant.

The wedding was held at 2 p. m. in the Congregational Church chapel at Sawtelle, the Rev. Nathaniel Wallin officiating.

James Lester Laws, son of Mrs. Iva Templeton Laws of Sawtelle and the late Harold Laws, claimed as his bride Miss Elaine Gertrude Morse, daughter of Mr. and Mrs. J. O. Morse of Ramona.

The bride was given in marriage by her father. She was lovely in a gown of white satin and lace, entrain. Her finger tip veil was caught to a halo of lace and orange blossoms and she carried a bouquet of white carnations and pink roses, centered with an orchid.

Miss Eleanore Morse, sister of the bride, was maid of honor. She wore a gown of pink organdy and her fan-shaped bouquet was of white carnations and yellow gladioli.

The bridesmaids — Misses Doreen Banta, Betty Jo Wagner and Dorothy Crippen, were gowned alike in blue organdy and carried fan-shaped bouquets of white carnations and pink gladioli. Little "Doddie" Harrison was flower girl.

Guy Hunting was best man and Foster Leng, William Ames, Jack Isabell and Buddy King ushered.

Miss Jo Ann Salem sang the nuptial songs "I Love You Truly" and "Because."

Following the ceremony, a reception was held in the Women's Cottage at the Sawtelle Veterans Home.

The young couple will go on a short trip north after spending a few days at Santa Monica beach.

The bride was graduated from the grammar school and high school of Ramona. The bridegroom is a graduate of the Lakeside grammar school and attended Grossmont high school until entering the service.

They will make their home in Ramona where the bridegroom is employed by the Bisher Truck Line.

W. D. Cromer of Lakeside believes Lindo Lake is a valuable asset and that it should be filled as speedily as possible. Proper water level in the lake could be maintained at nominal cost, he says, by pumping from a well in the river bed. As proof of this he cites one instance where a Ford engine has been drawing a steady 3-inch stream from a 22-ft. well and the level of the water in the well remains constant at 10 feet.

Purely Personal

Mr. and Mrs. Ed Harrison and family returned Saturday from four days' vacation at Green Creek in the High Sierra near Bishop.

Mrs. Troy Raymond of Lakeside is convalescing from an operation for appendicitis, performed July 14 at La Mesa hospital.

Mr. and Mrs. Norman L. Darling, who have been vacationing in the Midwest since June 6, are expected home over the Fourth of July weekend. During their absence, D. L. Holland has been in charge of the Valley Electric Shop.

James Ballou, son of Mr. and Mrs. G. N. Ballou, has returned from a year's work at the University of California. He has gone to work for the Standard Oil Company in Richmond.

Mrs. Rudolph Cihak of Chicago is spending the summer at the home of her mother, Mrs. George B. Adams of Lakeside. Mrs. Cihak may make her home here permanently.

REPAIRS GRANDFATHER CLOCK OVER 200 YEARS OLD

Henry Danziger, watchmaker of La Mesa, has recently assembled a valuable clock brought in pieces from Scotland by an El Cajon resident.

The grandfather clock was an heirloom of the latter's family. Seven feet tall, the clock was manufactured by Turnbull & Atchison of Edinburgh over 200 years ago. It now keeps perfect time.

Pinned on the inside of the case is a note giving some information regarding its manufacturer:

"TURNBULL, Wm. — Booked apprentice to John Dalgleish, 1758—admitted freeman clock and watchmaker. E. H. 12th Nov. 1768."

Lakesid Commu

Sunday, July 6, 1947.

Sunday School and Bible Classes, 9:45 a.m.

Morning Worship, 11:00 a.m.

The Sacrament of the Lord's Supper will be administered at the close of the morning worship. It is hoped that as many members and friends of the Church will be present in obedience to the command of Jesus Christ, when He said to His disciples "This do in remembrance of Me."

We welcome to our services all who wish to attend, and especially those who have just moved into our community, and worship with us.

The Daily Vacation Bible School which was held under the auspices of the Wesleyan Methodist and the Community churches from June 16 to June 27 closed last Friday evening in the Community Church with a program presented by the scholars under the direction of the Reverends Philip D. Lascelles and Mrs. A. Thomson.

The program consisted of songs, scripture readings and short talks telling of the work of the school. There was a total enrollment of 758, including teachers and helpers, with an average attendance for the 10 days of 75. Thirty-one pupils made perfect attendance for 10 days.

At the close of the program certificates were awarded for attendance and faithful work in the school. Awards were also made for those who had brought the most new scholars and for those doing the best work in their workbooks.

The Women's Fellowship of the Community Presbyterian Church met for their regular monthly meeting at the home of Mrs. Charles Lindsay on Tuesday, July 1.

In the absence of Mrs. Miles Vance, president, Mrs. William Desmond presided at the business session.

Members and friends of the church were asked to meet in the church parlors at 10 a.m. Tuesday, July 8, to make sunbonnets to be sold to participants in the '49er celebration. Since time is getting

spending the week at the D. M. Foley residence.

and her brother had not seen each other for 18 years.
